Front End Developer | 7+ Years Experience

Highly skilled UI Developer and Front End Developer with 7+ years of experience creating scalable, mobile-first web applications using modern JavaScript frameworks. Expert in React.js, Sass, Bootstrap, Tailwind CSS, and responsive web design. Proven track record in UI/UX design, performance optimization, and cross-functional collaboration to deliver pixel-perfect, user-centric interfaces.

Professional Experience

UI Developer | AGIE AI Technology Pvt. Ltd. | Apr 2024 – Nov 2024

- Developed scalable React.js applications using Sass, custom CSS, and component-based architecture.
- Implemented responsive, mobile-first UI designs with pixel-perfect precision across browsers and devices.
- Optimized front-end performance, reducing load times by 30% through code splitting and lazy loading.
- Collaborated with designers and backend developers to translate Figma mockups into functional UI components.

UI Developer | Fantv, Noida | Nov 2022 – Mar 2024

- Built responsive web interfaces using React.js, Material UI, and Tailwind CSS.
- Improved user experience (UX) and retention by 20% through performance optimization and UI enhancements.
- Worked in an Agile/Scrum environment, using Git, Bitbucket,.

Web Designer | Syncrasytech, Noida | Feb 2019 – Oct 2022

- Designed and developed SEO-friendly, responsive websites using HTML5, CSS3, and JavaScript.
- Ensured cross-browser compatibility and accessibility (WCAG) standards.
- Enhanced UI/UX design, increasing user engagement through interactive elements.

Web Designer | Slick Digital, New Delhi | Aug 2017 – Jan 2019

- Created responsive websites using HTML5, CSS3, and jQuery.
- Improved page load speed by 40% through image optimization and minification techniques.
- Converted Figma/Photoshop designs into clean, maintainable code.
